

# SASEC 2021

SOUTHERN AFRICAN SUSTAINABLE  
ENERGY CONFERENCE

## SASEC 2021 SPONSORSHIP OPPORTUNITIES

Stellenbosch University will be hosting the Southern African Sustainable Energy Conference (SASEC) from the 11-13 August 2021 at Spier in the Western Cape of South Africa.

The conference specifically focuses on research, development and deployment of methodologies, technologies and systems within the Southern African context related to sustainable energy (i.e. energy that can be replenished in the short-term, with no long-term environmental damage).

The conference provides the opportunity for researchers, engineers, technologists, and individuals to share and discuss recent developments in the field. It is a particularly good opportunity for postgraduate students to showcase their research progress, and to develop knowledge and networks in the field.

Presentations at SASEC will be subject to the acceptance of an abstract and full paper. The topics of interest that will be covered within the conference program are as follows:

- Solar Thermal energy systems
- Solar PV energy systems
- Wind energy systems
- Hydrogen, Hydro and Ocean Energy
- Renewable energy resource assessment
- Demand side and energy storage applications
- Power systems planning and operations.
- Bioenergy (Thermochemical, biological, chemical, and physical conversation systems)

To make the conference attractive to as many potential participants it would be appreciated if you would consider taking up a sponsorship opportunity that we can offer within the conference period. The following areas of support and coverage have been identified.

Package type	Inclusions	Package Cost
<b>Package 1:</b>  Green Energy Premium	<ul style="list-style-type: none"><li>• Tabletop space within the preassembly</li><li>• 4 Full Complimentary registration</li><li>• 3-5 Minutes promotional video at 1 Plenary Session</li><li>• Company logo prominently displayed on all slides and branding throughout conference.</li><li>• Company information and website hyperlink on SASEC21 conference website</li><li>• ½ Page Advertisement in program (material to be supplied)</li><li>• Hosting of 1 lunch session / branding</li></ul>	R115 000,00
